# A MESSAGE FROM OUR COUNCILLORS

Council is proud to present the 2024/2025 Operational Plan.

The Plan highlights Council's contribution to delivering the four Community Outcomes outlined in our long-term Community Strategic Plan: The Hawkesbury 2042 - It's Our Future.

This Plan represents the third and final year of action under the 2022-2026 Delivery Program, outlining specific details of the projects and activities that will be undertaken in the coming financial year.

A new Delivery Program will be written following the Local Government Election in September 2024, spanning from 2025-2029.

Our continued commitment to the Hawkesbury community is to deliver on the actions contained within the 2024/2025 Operational Plan and to keep you informed of the progress.

Major Operational Plan highlights for 2024/2025 include budgets of:

- \$107.6 million on improving local roads and drainage.
- \$39.8 million on upgrading public spaces, parks, sports and recreation facilities.
- \$45.6 million on community and culture including local events, our Libraries, Gallery and Museum.
- \$39.1 million on waste collection, landfill and sewer.

Key initiatives will include:

- The delivery of a significant \$129 million Capital Works Program.
- Continued focus on flood recovery works and actions across the Hawkesbury.
- Engagement, design and commencement of construction on the city shaping Western Sydney Infrastructure Grants Projects.
- Strategy and policy implementation to deliver on key environmental, economic, governance and social outcomes.
- Continuing to provide and improve services for our community.

We are working closely with our Executive Leadership Team to ensure the successful implementation and reporting of this Operational Plan.

We will report back to our community via the Six Monthly Progress Report, Annual Report and State of our City Report on what has been achieved, and progress made during implementation.

We look forward to delivering these actions for our community and continuing to drive progress towards the community's vision for the Hawkesbury.

# OPERATIONAL PLAN SUMMARY

## THE PLAN

The Operational Plan is Council's action plan for achieving the community priorities outlined in the Community Strategic Plan. It is prepared each year and identifies the projects, programs and activities that Council will fund and deliver across the next 12 months.

Our Operational Plan 2024/2025 was developed through an extensive planning and prioritisation process. It contains 131 key actions for delivery across a wide range of services and work areas, a comprehensive capital works program and annual budget.

The plan is structured around delivering on the four key Community Outcomes of our Community Strategic Plan: The Hawkesbury 2042 – It's Our Future:

- **Great Place to Live**
- **Protected Environment and Valued History**
- **Strong Economy**
- **Reliable Council**

## KEY PRIORITIES 2024/2025

**\$129 Million Capital Program focused on flood recovery, asset renewal and Western Sydney Infrastructure Grants Projects.**

*Implementing actions from key informing strategies to create a sustainable Hawkesbury and deliver on key environmental, economic, governance and social outcomes.*

**Continuously improving our service delivery to keep the Hawkesbury running and provide value for our community.**

# FLOOD RECOVERY AND COMMUNITY RESILIENCE

## OUR HISTORY OF FLOODS

The Hawkesbury community has faced several natural disasters in recent years, including floods, bushfires, and the COVID-19 Pandemic. In March and July 2022, floods hit the area again, causing widespread damage. These floods were the largest to impact upon the Hawkesbury in 44 years and compounded the effects on our community, environment and infrastructure of the previous flooding through 2020 and 2021. The remarkable strength, generosity and support shown throughout these testing times is a testament to the values and resilience of our people.

## BUILDING BACK BETTER

Council is continuing to work with government and non-government agencies to drive the community's resilience and recovery. Project teams and working groups are focusing on waste and the environment, infrastructure and planning, social and community support, and effective communications. This includes the development of Resilient Hawkesbury 2030, a plan for building a resilient community that is strongly connected and well prepared for emergencies and changes to the region.

Road and infrastructure repairs have focused on roads in outer reaching communities like the Macdonald Valley, Colo and Lower Portland, ahead of roads in Windsor and Richmond that have better connectivity and numerous routes to choose from.

In 2023/2024 Council delivered a significant amount of recovery projects including:

- Completed and reopened Greens Road, Lower Portland and the Upper Colo Bridge.
- Significant progress on the Thomas James Bridge and Settlers Road Landslip project.
- Delivered key projects under the Major Landslip Program including Tizzana Road, Grono Farm Road, Reedy Road and Chaseling Road North.
- Continued delivery of the Community Hubs initiatives to provide local support networks and services.
- Forward design and planning for 2024/2025 projects to improve project staging and accelerate delivery.

## NEXT 12 MONTHS

The continued recovery of the Hawkesbury remains a key focus for 2024/2025. Council has received significant funding from State and Federal Governments to recover and repair Hawkesbury roads and damaged infrastructure. This funding and ongoing support is vital to repairing and building on our future resilience.

A range of environmental, economic and community based actions are outlined within this Operational Plan, building on our progress towards a more resilient and well serviced Hawkesbury.

# ROADS AND INFRASTRUCTURE RECOVERY SNAPSHOT

## GRANT FUNDING

Funding received under State and Federal Government grant programs is being added to Council's budget and works program, to accelerate the recovery of infrastructure in our region in the coming years. This includes damaged parks and recreation spaces, roads, bridges and drainage infrastructure. A significant portion of Council's capital works program for 2024/2025 has been dedicated to renewing and improving Council's local roads and infrastructure.

Several projects have been completed, with many more in the planning and delivery phase throughout 2024/2025. Due to funding arrangements, these works will be added to Council's budget and works program progressively as funding becomes available. Council provides regular updates on its recovery program through our **Renewing Hawkesbury's Roads** website hub.

Specific roads may appear in multiple sections of the Operational Plan 2024/2025, reflecting the different funding sources allocated to completing these projects.

## DISASTER RECOVERY FUNDING ARRANGEMENTS

This funding supports Council with the financial challenge of responding to natural disasters. The funds are allocated to the repair, restoration and enhancement of damaged community infrastructure including roads, bridges and drainage.

### Key projects include:

- Cornwallis Road, Cornwallis
- Thomas James Bridge, Wiseman's Ferry
- Gorricks Run Causeway, Upper Macdonald
- St Albans Road, St Albans/Central Macdonald
- Tennyson Road, Tennyson
- Wheelbarrow Ridge Road, Colo Heights
- Blacktown Road, Freemans Reach
- Stannix Park Road, Wilberforce
- Upper Colo Road, Upper and Central Colo
- Percival Street, Clarendon
- Terrace Road, North Richmond
- Webbs Creek Road, Webbs Creek
- Racecourse Road, Clarendon
- Gorricks Lane, Freemans Reach

# WESTERN SYDNEY INFRASTRUCTURE GRANTS PROGRAM

## THE PROCESS

In 2022, the NSW Government created the Western Sydney Infrastructure Grants Program (formerly WestInvest), which provided 15 Western Sydney Councils a total of \$2 billion – consisting of \$400 million of guaranteed funding and \$1.6 billion of competitive funding to deliver transformational infrastructure.

Hawkesbury City Council has received \$98 million in funding, contributing to a total of \$113 million to deliver significant recreation, culture and amenity projects for the Hawkesbury community.

The 2024/2025 year will see significant milestones in these city shaping projects. \$37 million is allocated this year, with works focusing on community and stakeholder engagement on all projects, detailed design and the early stages of construction.

## THE PROJECTS

### **RICKABY'S CREEK BRIDGE CYCLEWAY**

Construction of a shared-path crossing from Richmond to the off-road cycleway with improved safety, providing an off-road crossing of Rickaby's Creek and enhancing linkages between Windsor and Richmond.

**2024/2025** – Detailed design completed and construction commenced.

### **TAMPLIN FIELD HOBARTVILLE REDEVELOPMENT**

Tamplin Field will be redeveloped into a first-class sports and recreation precinct. Upgrades include a competition level running track, multipurpose field, playspace and dog training area. Lighting, parking and amenities will also be improved.

**2024/2025** – Detailed design completed and construction commenced.

### **OASIS AQUATIC AND FITNESS CENTRE IMPROVEMENTS**

Upgrades to the facility including children's splash park, shallow-depth program pool, deck space, increased parking, improved amenities and outdoor gym.

**2024/2025** – Detailed design completed and construction commenced.

### **KURRAJONG TO KURMOND CYCLEWAY**

Delivery of a shared off-road path alongside Bells Line of Road between Kurmond and Kurrajong, increasing active transport and recreation options for residents and tourists.

**2024/2025** – Detailed design completed and construction commenced.

## TURNBULL OVAL, NORTH RICHMOND UPGRADE

Redevelopment of the oval including landscaping, grandstand and clubhouse, paving, playground and carparking.

**2024/2025** - Detailed design completed.

## WOODBURY RESERVE, GLOSSODIA UPGRADE

Significant upgrades of the recreation spaces including new playground, multi-purpose courts, amenities building, parking, shared paths, barbecue facilities and off-leash area.

**2024/2025** - Detailed design completed and continued construction.

## RICHMOND SWIMMING CENTRE REDEVELOPMENT

The redevelopment of the current 1960s facility will greatly improve the accessibility and services on offer at the swimming centre and enable it to operate all year round. Improvements include all season usage, accessibility upgrades, interactive splash feature park, increased shade, picnic facilities and improved amenities.

**2024/2025** - Detailed design completed.

## FERNADELL PARK PITT TOWN AND COMMUNITY FACILITY REDEVELOPMENT

Significant redevelopment of the recreation spaces including new multipurpose fields, sports lighting, parking, amenities, play space, fitness equipment and integrated community centre.

**2024/2025** - Detailed design completed and construction commenced.

## NORTH RICHMOND COMMUNITY PRECINCT

The redevelopment of the North Richmond Community Centre will create a hub that will serve as a meeting and cultural space, social and recreational hub, and a much-needed fit-for-purpose emergency evacuation centre for the community residing west of the Hawkesbury River.

**2024/2025** - Detailed design completed.

## DISCOVERING THE HAWKESBURY WAYFINDING AND SIGNAGE PROJECT

This project will introduce a cohesive and consistent signage suite to assist user friendly navigation throughout the important places, histories and stories of the Hawkesbury region.

**2024/2025** - Detailed designs and continued installation.

# INTEGRATED PLANNING AND REPORTING FRAMEWORK

## THE PROCESS

All Councils in NSW operate under the Integrated Planning and Reporting (IP&R) framework. The IP&R framework guides how each Council develops, documents and reports on their strategic plans under the Local Government Act 1993. It ensures that Council has effective plans for the future of the region, robust actions and projects to move things forward, and touch points to engage and update the community.

## COMMUNITY STRATEGIC PLAN

The Community Strategic Plan (CSP) sits above all other Council Plans and Policies. Its purpose is to identify the community’s long term (10+ years) priorities, aspirations and outcomes for the future. The strategies in it consider the social, environmental and economic issues that affect the community, and the level of resources realistically available. It also takes into account State and regional planning, as well as civic leadership for the region.

While Council has a custodial role in preparing and updating the Community Strategic Plan on behalf of the Hawkesbury, it is not wholly responsible for its implementation. Other partners, such as State agencies and community groups will be engaged in delivering the long term strategies of the plan.

The CSP is then supported by the strategies and plans developed by Council, which directly translate these priorities and aspirations into activities, actions and projects Council will deliver and resource to achieve the CSP.

Office of Local Government – Integrated Planning and Reporting Framework 2021

## DELIVERY PROGRAM

The Delivery Program details the principal activities to be undertaken by Council over a four year period to implement the strategies established by the Community Strategic Plan within the resources available under the Resourcing Strategy.

The Council must establish a new Delivery Program after each ordinary election of Councillors to cover the principal activities of the Council for the four year period, commencing on 1 July following an ordinary election.

Regular progress reports are provided to the Council and community on its implementation at least every six months.

## OPERATIONAL PLAN (THIS DOCUMENT)

The Operational Plan spells out the details of the Delivery Program by identifying the actions and projects to be engaged in by Council during the year to achieve the Delivery Program principal activities.

The Operational Plan includes Council's annual capital works program, budget and Statement of the Revenue Policy.

## RESOURCING STRATEGY

The Resourcing Strategy ensures Council has what it needs (i.e. time, money, assets and people) to deliver the activities, actions and projects of the Delivery Program and Operational Plan. It involves three main plans:

- Long Term Financial Plan
- Workforce Management Strategy
- Asset Management Strategy and Plans

## ANNUAL REPORT

The Annual Report is one of the key points of accountability between Council and the community.

The Annual Report focuses on Council's implementation of the Delivery Program and Operational Plan. The report also includes some information that is prescribed by the Local Government (General) Regulation 2021. This information has been included in the Regulation because the State Government believes that it is important for community members to know about it, to help their understanding of how Council has been performing both as a business entity and a community leader.

# 2024/2025 ESTIMATES OF INCOME AND EXPENDITURE

## FINANCIAL SUSTAINABILITY

One of Council’s long-term objectives is to build strong financial sustainability for now and future generations. This will ensure that Council can continue to provide services at the level expected from our community into the long-term.

The Long-Term Financial Plan is reviewed regularly and strategies developed to ensure continued financial sustainability.

The following table shows the change in financial sustainability performance measures, as determined by the NSW Office of Local Government, over the last three years and the projected results as of 30 June 2024 and 30 June 2025.

Performance Measure	Benchmark	2020/2021 Actual Results	2021/2022 Actual Result	2022/23 Actual Result	2023/2024 Original Budget	2024/2025 Draft Budget
Operating Performance	0	-0.08	0.15	<b>0.21</b>	<b>0.05</b>	<b>0.33</b>
Own Source Revenue	>60%	75.3%	58.1%	<b>49.5%</b>	<b>62.9%</b>	<b>43.3%</b>
Building and Infrastructure Asset Renewal	>100%	78.6%	63.7%	<b>125.5%</b>	<b>132.6%</b>	<b>416.6%</b>
Infrastructure Backlog	<2%	2.1%	2.1%	<b>3.4%</b>	<b>2.1%</b>	<b>9.31%</b>
Asset Maintenance	>100%	98.04%	91.7%	<b>102.4%</b>	<b>102.1%</b>	<b>100.5%</b>
Debt Service	>0%<20%	0.1%	2.8%	<b>3.42%</b>	<b>4.3%</b>	<b>2.9%</b>

The projected Own Source Revenue Ratio will not meet the benchmark of 60% as a result of the level of operating grants in the form of the Disaster Recovery Funding Arrangements to address flood recovery. This is a temporary issue and will resolve in future years as this work is completed.

The Infrastructure Backlog Ratio is also projected not to meet the benchmark of 2%. This has arisen from delays in capital renewals arising from natural disasters and historic levels of underfunding of asset renewal. The overall conditions of assets has also declined as a result of damages arising from flooding, which is being addressed. This indicates that the level of funding required for renewal needs to increase in order to maintain assets in a safe and functional condition. The Asset Management Strategy provides more details on Council’s asset portfolio, future challenges and strategies.

# GLOSSARY OF TERMS

To assist in the understanding of the budgeted estimates of income and expenditure included within this section of the 2024/2025 Operational Plan, a glossary of terms has been provided below.

TERM	DEFINITION
<b>Application of capital funding</b>	Various categories of capital expenditure, sorted by asset class and whether works are new or renewal.
<b>Capital expenditure</b>	Costs associated with works that improve the level of service able to be provided to the community from an asset.
<b>Capital funding</b>	Funds used to provide capital expenditure.
<b>Consultants</b>	Professionals that are external to Council, used to provide expert advice when either resources are not available internally, or independence is required.

# 2024/2025 REVENUE POLICY

## REVENUE POLICY

### TYPES OF REVENUE

The sources of funds to enable Council to carry out its works and services and provision of facilities are from the following revenue categories:

- rates
- annual charges for services
- fees for services
- Federal and State Government grants
- borrowings
- earnings from investments and entrepreneurial activities.

Critical to the development of the Statement of Revenue Policy is that the principles of efficiency, effectiveness and equity are demonstrated.

**Efficiency** ensures that resources are devoted to the most valuable ends as determined by Council, whilst using as few resources as possible. It relates to the cost at which services and facilities as desired by the community are delivered or provided.

**Effectiveness** relates to the satisfaction of stated objectives so that outcomes of decisions and the needs and demands of consumers are taken into consideration. Effectiveness is clearly demonstrated by the relative service standards or qualities to the satisfaction of a particular group's needs.

**Equity** ensures that services are provided to those who need them, even though they may be unable to pay for the particular service.

This document provides pricing policies for rates, annual charges for services and fees for specific services provided by Council.

## RATES AND CHARGES

### REVENUE POLICY – RATING

#### Rate Pegging

Rate pegging limits the amount that Council can increase its rate revenue from one year to the next by a nominated percentage. The Independent Pricing and Regulatory Tribunal has determined the rate pegging amount for 2024/2025 is 4.5%, unchanged at 0% population growth factor.

#### Land Valuations

Rates are assessed on a rate in the dollar as a product of the land value supplied by the Valuer General. The Valuation of Land Act requires the Council to assess the rates on the most recent values provided by the Valuer General. A revaluation of the Hawkesbury Local Government Area (LGA) took place in 2022. These valuations were used for the first time for rating purposes in 2023/2024 and will be used again in 2024/2025 and 2025/2026. The rates levied in the 2024/2025 year will be based on land values totalling \$22,697,860,946, as determined by the NSW Valuer General.

#### Rating Categories

In accordance with Section 514 of the Local Government Act 1993 (Act), each parcel of land within the LGA has been categorised for rating purposes and owners are notified on their annual rate notice.

Under Section 554 of the Act all land is rateable unless it is exempt from rating. Sections 555 and 556 of the Act define the categories under which a parcel of land must fall in order to be eligible for exemption from rating. Ratepayers that are eligible under these sections may apply to Council for exemption from rating.

The Act also provides for all rateable properties to be categorised into one of four categories of ordinary rates as follows:

- Farmland Category
- Mining Category
- Residential Category
- Business Category.

For 2024/2025, Council will levy rates on the following categories and sub-categories.

### Farmland Category

This Category includes any parcel of rateable land valued as one assessment and the dominant use of the land is for farming. The farming activity must have a significant and substantial commercial purpose or character and must be engaged in for the purpose of profit on a continuous or repetitive basis (whether or not a profit is actually made). Properties which meet these criteria are categorised as 'Farmland'.

### Residential Category

This Category includes any rateable parcel of land valued as one assessment and the dominant use is for residential accommodation; or if vacant land is zoned or otherwise designated for use for residential purposes under an environmental planning instrument; or is rural residential land.

### Business Category

This Category includes rateable land that cannot be classified as farmland, residential or mining. Council has three sub-categories established within the Business Category as follows:

- **Business Area 1** – Business rated properties within defined areas in Richmond, Windsor, Vineyard and Mulgrave.

The defined area for Richmond is the area bounded by Lennox Street, Bourke Street, Windsor Street, Hobart Street, Pitt Street, Francis Street, March Street, Chapel Street and East Market Street.

The defined area for Windsor is the area bounded by the Railway Line, Rickaby's Creek, Hawkesbury River, Bridge Street and South Creek.

The defined area for Vineyard and Mulgrave is the area bounded by Windsor Road, South Creek, Railway Road South and Bandon Road.

- **Business Area 2** – Business rated properties within defined areas in North Richmond and South Windsor.

The defined area for North Richmond is the area is bounded by a Radius of 650m from the Centre Point of the intersection of Bells Line of Road, Beaumont Avenue and Grose Vale Road.

The defined area for South Windsor is the area bounded by Macquarie Street, Woods Road, South Creek and the Railway Line.

- **Business Area Other** – All other business rated properties not falling within any of the defined areas in Richmond, Windsor, Vineyard, Mulgrave, North Richmond and South Windsor.

## ORDINARY RATES

For 2024/2025, Council will collect its rating revenue from determined categories and sub-categories thereof predominantly through an ad valorem rate in the dollar, with a base rate being applicable as shown in the table below.

**ORDINARY RATES TABLE**

Rate Category/ Sub-Category	No. of Properties	Rateable Land Value	% Land Value	Notional Yield	% of Notional Yield	Ad valorem Rate in \$	Base Amount	Base Amount % of Yield
Residential	25,342	\$19,573,086,483	86.23%	\$42,047,268	85.51%	0.00113185	\$785	47.31%
Business Area 1	808	\$790,762,183	3.48%	\$2,424,328	4.93%	0.00226370	\$785	26.16%
Business Area 2	440	\$534,863,196	2.36%	\$1,556,170	3.16%	0.00226370	\$785	25.36%
Business Area Other	402	\$410,305,084	1.81%	\$1,244,378	2.53%	0.00226370	\$785	25.36%
Farmland	616	\$1,388,844,000	6.12%	\$1,898,327	3.86%	0.00101867	\$785	25.47%
<b>Total</b>	<b>27,608</b>	<b>22,697,860,946</b>	<b>100%</b>	<b>49,170,471</b>	<b>100%</b>			

## Base Amount

Council may levy up to 50% of its rating income (notional yield) within a category or sub-category by way of a Base Amount. The Base Amount applies to a category or sub-category, the applicable base amount is applied equally to all properties within the category or sub-category. After applying the Base Amount to a property, the remainder of ordinary rate applicable to that property is levied through the application of the relevant ad valorem rate (rate in the dollar) to the land value of that property.

A Base Amount is used to more equitably levy the total amount of rates across ratepayers where land values vary greatly within categories of ratepayers or there are disproportionate variations in valuations arising from a new valuation. Essentially the application of a Base Amount reduces the effect of land valuations on the rates payable.

Section 536 of the Act stipulates the criteria that are relevant in determining the Base Amount. In determining the proportion of rating income to be levied through a Base Amount for the respective relevant categories and sub-categories, Council has had regard to the extent to which projected ad valorem rates on individual properties do not reflect the cost of providing necessary services and facilities and the degree of congruity and homogeneity between the values of properties that would be subject to the rate and their spread throughout the area. For the relevant categories and sub-categories, a rate that is wholly an ad valorem rate would result in an uneven distribution of the rate burden because a comparatively high proportion of assessments would bear a comparatively low share of the total rate burden.

Taking into account these factors, rates from the Residential, Business and Farmland categories are levied on the basis of the proportion of the rating income (notional yield) allowed to be levied through a Base Amount for each Category based on 30% of the Residential Category.

## Notes:

Variations will occur throughout the budget year between the estimated rate revenue indicated above and the actual income received. Reasons for variations between estimated income and actual income received include:

- Previously non-rateable properties becoming rateable during the year.
- Properties being withheld from rating, pending revised valuation particulars from the Valuer General's Office. This occurs when properties are subdivided and new valuation particulars are requested for the newly created lots. This usually results in an increase in the valuation base for the following year.
- Properties being rated for previous years upon receipt of new valuation particulars. There is a time delay associated with requesting new valuation particulars. This may result in some properties not being rated for a particular year until subsequent rating periods. This artificially inflates the rating revenue received for the year the rates are actually levied.
- Any change in rating category is to take effect from the following quarter from when the application was received, should that application be successful.

## Rating of Subdivided Land

Following the sub-division of a parcel of land, rates cannot be levied on new lots until supplementary valuations have been provided to the Council by the NSW Valuer General and the Council has categorised each of the new parcels.

Once this has happened, Council can levy rates on a pro-rata basis from the date the deposited plan was registered.

When Council levies rates on new parcels of land on a pro-rata basis, an adjustment must be made in respect of the land that existed prior to the subdivision to reflect that rates and charges are only payable on that parcel up until the date of subdivision.

## ANNUAL CHARGES

In accordance with Section 501 of the Act, in addition to ordinary rates and special rates, Council may levy an annual charge for any of the following services:

- waste management services
- sewerage services
- water supply services
- drainage services
- any service prescribed by the regulations.

## Waste Management

Domestic Waste Management (DWM) Services generally means waste of a kind and quantity ordinarily generated on domestic premises and includes waste that may be recycled and garden organics.

In accordance with Section 504 of the Act, income obtained from charges for domestic waste management has been calculated so as to not exceed the reasonable cost to the council of providing the service. Council separately accounts for income raised through an annual charge for the provision of the DWM service and applies this revenue towards the cost of providing the service.

The DWM service for 2024/2025 includes the applicable bin service, the recycling bin service, the garden organics waste bin service and the one bulk kerbside collection service. DWM services are charged on a per dwelling basis. Council is required to levy a DWM service availability charge on properties that do not utilise the service but are located within the service area, to reflect the cost of the availability of the service to those properties.

For 2024/2025, Domestic Waste Management charges have been increased by 9.95% and Business Waste Management charges have been increased by 9.95%.

The table below illustrates the Waste Management charges for 2024/2025.

<b>Charge 2023/2024</b>	<b>Description</b>	<b>Charge 2024/2025</b>

\$122.45	240 litre additional garden organics bin	\$134.65
\$122.45	240 litre additional recycling bin	\$134.65
POA	Multiple waste collection service	POA

The estimated yield from Waste Management charges is \$20,654,357

## Sewerage Service

Council provides reticulated sewerage services to the areas of:

- Bligh Park
- Clarendon
- McGraths Hill and Mulgrave Industrial Area
- Pitt Town
- South Windsor and South Windsor Industrial Area
- Windsor
- Windsor Downs
- Other minor extensions.

## Residential Sewerage Charge

Council levies an annual charge for sewerage services provided to each residential dwelling, whether by way of mixed development, single dwelling, dual occupancy, strata or non-strata units/flats. The residential sewer rate is calculated on the basis that revenue raised is sufficient to fund the cost of providing the service, the ongoing sewerage network maintenance and renewal, and major capital works planned for future years.

## Business Sewerage Charge

Businesses pay a sewerage charge rate based on usage. Five categories have been derived for volume discharges ranging from less than 1,000L per day (Category 1) to greater than 20,000L per day (Category 5).

Additionally, a Trade Waste Excess Volume Charge applies to the Category 5 discharges. Those businesses with volumes exceeding 20,000 litres per day (Category 5) will attract the excess volume charge for each kilolitre in excess of 20kL per day.

Trade Waste mass loading charge may be levied based on the strength of pollutants in the waste stream and is applicable to Categories 4 and 5. Mass load will be charged for the entire volume when the concentration of a substance exceeds domestic concentration, see Table 1. Any item not in the table are deemed not typical for residential waste and will be charged for any concentration present.

Substance	Concentration (mg/L)
Biochemical oxygen demand (BOD5)	300
Suspended Solids	300
Total Oil and grease	50
Ammonia (as Nitrogen)	35
Total Kjeldahl nitrogen (TKN)	50
Total phosphorus	10
Total dissolved solids	550
Sulphate (SO4)	50

Table 1: Deemed concentration of substances in domestic sewage

Volumes of waste generated consistently above the initial assessed categorisation will result in a review of the nominated category. An appeal mechanism will also enable the category to be reviewed when a property owner feels the assessed volume is too high.

Where industrial or commercial premises contain strata or non-strata units constructed under current planning laws these units are self-contained and considered separate entities; that is each unit contains its own amenities (toilets, showers, sink, canteen etc.). In these cases, a sewerage rate is calculated based on volume discharged to the sewerage system and applied to each unit.

Where industrial or commercial premises contain non-strata units constructed under older planning laws and may not be self-contained, that is where several units share amenities; these units can be aggregated to a single annual charge based on a combined volume discharge to the sewerage system.

Council levies an Unconnected Annual Charge (availability charge) on properties that do not utilise the sewerage service but are located within the service area, to reflect the cost of the availability of the service to those properties.

For 2024/2025, Sewerage charges have been increased by 14%.

The table below shows the Sewerage charges for 2024/2025.

Charge 2023/2024	Type of Service	Charge 2024/2025
<b>RESIDENTIAL</b>		
\$1,087.90	Residential Connected	\$1,240.20
\$724.45	Residential Unconnected	\$825.90
<b>BUSINESS</b>		
\$1,266.25	Category 1 (<1,000 litres per day)	\$1,443.55
\$6,349.10	Category 2 (1,001 to 5,000 litres per day)	\$7,238.00
\$12,647.75	Category 3 (5,001 to 10,000 litres per day)	\$14,418.40
\$25,218.20	Category 4 (10,001 to 20,000 litres per day)	\$28,748.70
\$25,218.20	Category 5 (>20,000 litres per day)*	\$28,748.70
\$730.00	Business - Unconnected	\$832.20

\* Plus Trade Waste Excess Volume Charge of \$4.92 per kilolitre for Category 5 properties. The estimated yield from Sewerage charges is \$ \$12,089,542.

### Sullage Service

Council provides a sullage pump-out service to properties that are not serviced by Sydney Water or the Windsor Sewer Scheme and do not have an on-site sewerage management facility. An annual charge is levied for the Sullage service.

Extra services and Emergency Services may be requested at any time during the financial year at an additional fee per service.

The sullage service charges are calculated on the basis that revenue raised is sufficient to fund the cost of providing the service.

For 2024/2025 Sullage charges have been increased by 4.0%.

The table below shows the Sullage service charges for 2024/2025.

Charge 2023/2024	Type of Service	Charge 2024/2025
<b>RESIDENTIAL</b>		
\$2,764.00	Fortnightly Residential	\$2,874.55
\$5,528.00	Weekly Residential	\$5,749.05
\$222.40	Emergency Service	\$231.30
\$177.10	Extra Service	\$184.15
<b>BUSINESS</b>		
\$30.45	Commercial per 1000 litre (min volume 2500 litre)	\$31.65

The estimated fees from Sullage service charges are \$2,617,923.

### Stormwater Management Service Charge

This charge enables Council to deliver additional new stormwater infrastructure, \$30K towards a water quality testing program, and \$100K for enhanced maintenance of stormwater infrastructure assets. The charges to be levied are shown in the table below.

Category	Annual Charge
<b>RESIDENTIAL</b>	
Residential	\$25.00
Residential Strata	\$12.50
<b>BUSINESS</b>	
Business	\$25.00 per 350m <sup>2</sup> , or part thereof, up to a maximum of \$1,500
Business Strata	Pro-rata of the above, based on land valuation apportionment

The estimated yield from Stormwater Management Service charges is \$545,534.

**Drainage Management Charge**

The previously referred to stormwater charge has not been applied to the North Richmond (Redbank) area.

Given the unique nature of the stormwater system in the area, a Drainage Management charge under Section 501 of the Local Government Act, 1993, is levied on all properties in the identified urban release area in North Richmond (Redbank), to recover ongoing maintenance and renewal costs, and legislative obligations in regard to the drainage infrastructure in this area.

Funding collected under this charge will be applied specifically to works and maintenance in the collection area.

The Table below shows the Drainage Management charges for 2024/2025.

Charge 2023/2024	Category	Charge 2024/2025
<b>RESIDENTIAL</b>		
\$100.00	Drainage Management	\$150.00
<b>BUSINESS</b>		
\$100.00	Drainage Management	\$150.00

The estimated yield from Drainage Management charge is \$164,400.

**PENSIONER CONCESSIONS**

Concession on the rates and charges levied are available to eligible pensioners. Council offers a number of rating concessions to pensioners over and above the mandatory concessions.

No State Government subsidy is received against these additional concessions.

Pensioner Rebates are only available to eligible pensioners from 1 July in the rating year in which they apply (or from the applicable quarter in the same year).

**Ordinary Rates and Domestic Waste Management Service Charge**

The Act provides for pension rebates of up to 50% of the aggregated ordinary rates and domestic waste management service charges, to a maximum of \$250.

Under the State’s mandatory Pensioner Concession Scheme, the State Government reimburses Council 55% (up to \$137.50 per property) of the rates and charges written off under the provisions of the Act. Council funds the remaining 45% (up to \$112.50).

**Sewerage Service Charge**

A concession is available to eligible pensioners who are subject to the residential connected charge under the Windsor Sewerage Scheme. The mandatory concession in respect to Sewerage charges is \$87.50, of which the State Government provides a reimbursement to Council of 55% (48.13).

This amount has remained unchanged since 1989. The total concession provided has traditionally been in excess of this, being based on 50% of the applicable charge. The additional concession amount is fully funded by Council.

## Sullage Service Charge

Council provides eligible pensioners receiving a sullage pump-out service with a pensioner concession additional to that received for rates and garbage. This subsidy is not available to pensioners who have non-eligible adult residents living at their property.

This rebate is fully funded by Council and is based on 50% of the applicable charge. The State Government provides no assistance towards pensioners on the sullage service.

## FEES AND CHARGES

### Fee Pricing Policy

Council provides a wide range of services to the community and applies fees and charges accordingly. Each fee has been based on the pricing policy relevant and applicable to the fee and in line with competitive neutrality principles.

Code	Pricing Policy	Description
S	Statutory Fee	Price set to comply with statutory legislation
E	External Cost	Price determined by external parties
N	Nil Cost Recovery	No fee charged
P	Partial Cost Recovery	Price partially recovers costs
F	Full Cost Recovery	Price recovers costs attributable to good or service
R	Rate of Return	Price recovers all costs plus a set return
M	Market Rate	Price based on relevant market rate

Section 610E of the Act allows Council to waive payment of, or reduce a fee in a particular case if it is satisfied that the case falls within a category of hardship or any other category that Council has determined it may consider waiving payment, or reducing a fee for this category.

Category	Description
Hardship	Where there is evidence that the payment of the fee or charge will impose unreasonable financial hardship on the applicant given their particular circumstances
Charity	Where the applicant is a registered charity and the fee is for a service that will enable the provision of charitable services
Not For Profit	Where the applicant is an organisation that holds not for profit status and the fee is for a service that will enable the achievement of their objectives and betterment for the Hawkesbury community
Commercial	To attract functions or activities to the Hawkesbury Local Government Area, where there is a longer-term benefit to the Hawkesbury community
Natural Disaster Relief	Where the applicant has been adversely impacted as a result of a natural disaster. Waiving of any fees is subject to Council Resolution.

The following principles will be considered when applying any reduction or waiver of a fee or charge:

- compliance with statutory requirements
- fairness and consistency
- integrity
- equity
- transparency
- commerciality.

The Council will directly, or through delegated authority, assess and make determinations on requests for reduction or waiver of fees in accordance with the above Categories.

Category A hirers have free use of the meeting rooms within the Deerubbin Centre. Category B and C hirers are subject to hire fees outlined in the Fees and Charges.

## Goods and Services Tax (GST)

Council has registered for GST. The ABN of Council is 54 659 038 834.

Fees and Charges have been based on the best available information in relation to the GST impact on the fees and charges at time of publication. It should be noted that all fees and charges are subject to change in accordance with amendments to the Goods and Services Tax Legislation and subsequent ATO rulings and regulations.

The 2024/2025 fees listed are inclusive of GST where applicable.

## Statutory Fees and Charges

Statutory Fees are those fees determined by legislative requirements or determined by Ministerial decision. Prices set by State or Federal legislation as new or amended are applicable from the date of gazettal without further notice given. Council may apply any new fees of this nature.

## Kerb and Guttering Contributions by Adjoining Owners

The Act provides that recovery from the adjoining owner of a property may be made for up to 50% of the costs of the construction of kerbing and guttering. This applies for all future works, upon completion, with 50% of costs recovered for the adjoining front boundary and 25% of the costs recovered for the side boundary constructions on corner blocks.

## Interest on Overdue Rates and Annual Charges

In accordance with Section 566 of the Act, the interest rate charged on overdue rates and charges for 2024/2025 by Council, is set at up to the maximum permitted by the Minister for Local Government.

## Interest on Overdue Sundry Debts

Sundry Debts greater than 180 days may incur interest charges at the same rate which is applicable to overdue rates.

## Legal Charges

Legal fees charged on applicable outstanding Rates and Charges are levied in accordance with the Schedule provided by NSW Courts.

## Payment of Interest Securities

Upon application, interest is paid on security deposits due for refund. Interest payable is calculated at the equivalent rate achieved on investments less the administration charge.

## Proposed Borrowings

In accordance with Section 405(2) of the Act and Clause 201 of the Local Government (General) Regulation 2021, Council is required to provide a statement of:

- the amounts of any proposed borrowings (other than internal borrowing)
- the sources from which they are proposed to be borrowed
- the means by which they are proposed to be secured

No provision for new borrowings has been included in the 2024/2025 Operational Plan.

## Financial Assistance given by Council

Council may seek to advance its strategic and operational objectives by providing financial and other support to individuals, community groups and business entities. In line with Section 356 of the Act, Council may by way of resolution, contribute money or otherwise grant financial assistance.

To facilitate the provision of financial assistance to individuals, community groups and business entities, Council has adopted a Sponsorship Policy and established a Community Sponsorship Program. The Community Sponsorship Program provides financial assistance to projects and activities which deliver on the objectives of the Hawkesbury Community Strategic Plan and other plans adopted by Council.

Council also contributes funding towards the staging of the Hawkesbury City Eisteddfod and the rental of the Council owned building occupied by the Women's Cottage.

Council provides a range of in-kind services through the provision of staff and the use free of charge of community rooms and other Council owned buildings.
