1.0 INTRODUCTION

The Hawkesbury City Council is unique to other Local Government Authorities in NSW in so much as a decision was taken by Council to allow the care, control and management of all sporting grounds and facilities within its boundaries to be undertaken by the sporting people of the area through the HSC.

The facilities are currently used for a variety of sports including (but not limited to) cricket, soccer, rugby league, rugby union, Australian rules football, touch football, baseball, softball, netball, athletics, BMX, paddle sports, off road racing and tennis.

The facilities are used by sporting associations ranging from multipurpose sports clubs which conduct activities over both summer and winter seasons, to single teams which operate for a single season and groups who use the facilities on a (casual basis) one off basis.

1.2 Access

HSC and Hawkesbury City Council are committed to the upgrading of sportsgrounds & facilities to provide access to disabled members of the community, as funds permit. (Ref. NSW Disability Inclusions Act 2014).

1.3 Aims and Objectives

The main aim of this guide is to provide all relevant information, policies and practices for the hirers of the Council's sports facilities. It is designed to establish guidelines, procedures for allocation and conditions of hire to all user groups.

1.4 Communication

Communication between the HSC and sporting groups is the most important factor in effective facility management.

HSC recognises the invaluable voluntary contribution made by clubs and association members and understands that changes to committee personnel often take place on an annual basis.

By taking the following steps, you can ensure that communication between the HSC and your group can be maintained.

- Establish a generic email address that can continually be used even if the committee changes.
- Nominate a primary and secondary member of the committee to be contactable both during and outside office hours.
- Inform HSC of executive committee members each year
- Get to know your HSC representatives.

1.5 Area of Application

This guide shall apply to all sports facilities managed by HSC. A list of grounds under the responsibility of HSC are included in Attachment B on Page 23 of this guide.

1.6 Other Sports and Activities

A variety of sports and activities (e.g. markets and dog training) are undertaken on HSC grounds. These activities are all governed by the policies outlined in this guide and appropriate insurance cover, fees and charges apply.

2.0 ALLOCATIONS

2.1 Allocation of Sportsgrounds

This section details the policy and procedures for the allocation of sportsgrounds. All hire applications for sportsgrounds are only accepted with the signatures of the president and secretary. An email address is required with all applications submitted.

New applications are registered officially with HSC for future reference and record keeping. Grounds are allocated on a preferred previous user basis. When allocating grounds for new applications, preference will be given to local clubs who have a majority of their members living within the Hawkesbury area.

In line with Hawkesbury City Council's multi-use policy, grounds will be allocated to several sports with each group being regarded as a hirer under the terms of this policy. Clubs shall only use the grounds for the agreed use, times and season. **Any use outside the agreed parameters requires written submission from the club and approval from HSC.**

If an application is rejected by HSC, the hirer shall be notified of the reason.

SEASONAL HIRE

- It is HSC policy to offer the use or hire of a sports ground to the Club/Association or Organisation which had the allocation of that particular facility previously on a regular basis.
- Applications are sent out seasonally to those groups for confirmation, showing the new updated rules, conditions, fees and charges that will apply.
- When applications are received by HSC, staff are able to ascertain the availability of grounds for new hirers.
- New clubs applying for grounds must provide details of their membership, club history and proposed use of the grounds.
- Final allocation of grounds is subject to the signing of the Grounds Application form by the Club President and Secretary, acknowledging that all sections of this guide have been read and accepted. A copy of this agreement form should be retained by the club.

CASUAL HIRE

- It is HSC's obligation to provide users with access to sports facilities on a casual basis.
- Casual applications to use the sports facilities are accepted by mail, email or in person.
- Approval of an application is confirmed by letter and invoice via email. Shown on the invoice is the applicable fee, due dates and appropriate contacts.

2.2 Sub-letting

No club shall sub-let a ground or facilities to another club or group. No use of the ground or facilities is permitted outside the times and days booked by the Club.

HSC retains the right to hire grounds or facilities outside times and days allocated to the Club with due regard to security issues and the user will be notified.

2.3 Block Booking

Unless a club can demonstrate a need for the actual use of a ground, the block booking of all available sessions for a ground will not be accepted.

With regard to pre-season trial and grading days, grounds will be allocated subject to availability and HSC permission. **However, it must be noted that the current sport using the ground has priority over the incoming sport.** Associations must ensure that all clubs are aware of this rule and abide by it. A percentage of seasonal hire fees will apply to any additional use.

2.6 Hours of Use

Clubs may only use the grounds during the allocated hours.

No sporting activity or competitive sport is to commence prior to 8.00 am on any day OR after 10.00 pm on any night without specific authorisation from HSC.

- Non payment of fees by due date
- Failure to observe the closing of grounds due to wet weather
- Failure to leave areas clean and tidy after use
- Use outside of the allocated period/times
- Lack of control over players and spectators
- Any other matter contrary to the responsibilities of hirers, including the return of agreements and failure to maintain sufficient public liability insurance

5.25 Schools

HSC shall have the right to allocate sportsgrounds to local schools outside those times allocated to clubs. Schools may have access to toilets during their use of grounds and are provided with keys to gain access to grounds and toilets.

Schools having Fun Runs, Walkathons, Cross Country and Athletics Carnivals must provide to HSC clearly defined maps of the course and areas to be used, identifying the appropriate number of course marshal stations, adequate first aid facilities, water and resting spots.
